## Summary

---

- Computer Science graduate specializing in full-stack development (React, Node.js, MongoDB) with experience building scalable web applications, secure authentication systems, and collaborative projects in agile teams.

## Education

---

- **Arizona State University** (2020-2024) – B.S in Computer Science
  - Dean's List: Fall 2020, Spring 2021, Fall 2023, Spring 2024

## Skills

---

- **Languages:** Java, JavaScript, C++, C#, HTML, CSS
- **Frameworks/Libraries:** React, ASP.NET, Express, Node.js
- **Databases/Cloud:** MongoDB, Azure
- **Tools:** Git, GitHub, GitLab, Taiga
- **Concepts:** Data Structures & Algorithms, OOP, Design Patterns, SOA

## Projects

---

**Ticket Tracker – MERN**, JavaScript, Bootstrap | [Github Link](#) | [Live Demo](#)

- Built a tool to create, assign, and track tickets with role-based authentication.
- Implemented JWT authentication and scalable backend APIs.
- Supported comments and attachments

**Chat Application – MERN**, JavaScript, REST API, JWT, Sockets | [Github Link](#) | [Live Demo](#)

- Developed a secure chat platform with real-time messaging and persistent chat history.
- Built responsive UI and optimized database queries for scalability.

**Sorting Algorithm Visualizer – React**, JavaScript, CSS | [Github Link](#) | [Live Demo](#)

- Built an interactive visualization tool for sorting algorithms with step-by-step animations and adjustable speeds.

## Experience

---

**ASU Senior Capstone Project - General Dynamics Demo** | *August 2023 - May 2024*

- Developed a demo application to test hardware via SCPI commands, reducing manual testing.
- Led backend development for SCPI command parsing and collaborated in agile sprints.

## Additional Experience

---

**Cabinet Installation – Family Projects | Phoenix, AZ | Ongoing**

- Assisted in installing cabinets for new homes and custom renovation projects.
- Supported precise measurement, alignment, and assembly under client requirements.
- Worked closely with lead installer (father) to complete residential projects on time.
