Angel Giovani Moreno Rivera

2144 W Broadway Rd, Phoenix, Arizona, 85041

Phone: (602)-793-2114 | Email: angel.moreno8424@gmail.com | Git | Linkedin

Summary

- Highly motivated Computer Science graduate skilled in full-stack development and software engineering principles. Seeking a role where I can and grow and learn from experienced team members while contributing current skills.

Education

- Arizona State University (2020-2024) – B.S in Computer Science
  - Dean's List: Fall 2020, Spring 2021, Fall 2023, Spring 2024

Skills

- **Languages:** Java | JavaScript | C++ | C# | HTML | CSS
- **Technologies:** ASP.NET | MongoDB | Express | React | Node.js
- **Concepts:** Data Algorithms | Design Patterns | UML | OOP | SOA
- **Tools:** Astah | Git | Taiga

Experience

General Dynamics Capstone Demo | *August 2023 - May 2024*

- Designed and developed a demo application to test hardware with SCPI commands using ASP.NET via REST API.
- Used Taiga for agile management and collaborated with a 3-person team via GitLab.
- Wrote and maintained modular backend and frontend code for efficient SCPI command parsing and user input handling.
- Presented weekly updates to the sponsor, incorporating feedback into the development process to meet evolving requirements.

Projects

Expense Tracker – MERN stack, JavaScript, CSS, REST API, JWT

- Built a user-friendly web application for tracking expenses, featuring interactive data visualization using React Google Charts
- Github Link

Workout Planner – MERN stack, JavaScript, CSS, REST API, JWT, Jest

- Developed a dynamic workout planner web application with a calendar feature to view workouts by date.
